Understanding Gandhi (2003): Gandhi's Historical Contribution and Contemporary Relevance

No historical personality in modern India has attracted as much attention as Gandhi. But has his immense contribution and contemporary relevance been understood adequately? This will be the focus of our discussions in the seventh session of "Revitalizing India", a webathon in celebration of Dharampalji's birth centenary. This session, inspired by Dharampalji's publication entitled *Understanding Gandhi*, comprises three eminent speakers, namely, Prof. Raghuram Raju, Shri Gollanapalli Prasad and Shri Aravindan Neelakandan who will discuss this slim book's significance in attaining a more nuanced appreciation of Gandhi's legacy for us today.
